

WHITE RYE

Appellation/Farms: Schofield Farm

Alcohol: 95 proof, 47.5% abv

Grain Bill: 100% Rye
(60% Malted Rye, 40% Unmalted Rye)

Distilling Notes: Very selective distillation cuts to ensure that only the best grain flavors would shine through in the finished spirit. We also used a good amount of malted rye to give the spirit a bit more of a “roasted” grain flavor, reminiscent of rye toast.

Suggested Cocktail Recipe: Try using this as a vodka replacement in your favorite Bloody Mary recipe.
