

CORN WHISKEY

Appellation/Farms: Chautauqua County

Alcohol: 90 proof, 45% abv

Grain Bill: 95% corn, 4% distiller's malt (barley), 1% Rye

Distilling Notes: Made with-distilled corn mash, the nose of this whiskey is reminiscent of fresh field corn. The flavor is sweet and grainy, almost like boozy corn bread. Leaves a dry, clean finish with a slight burn.

Hey... it's basically moonshine after all!
