

SHAPE SHIFTER IPA ORANGE RHOMBUS

Alcohol: 6.1%

IBUs: 55

SRM: 7

Grain Bill: NY Pale malt, Carapils, Malted Wheat

Hops: Jarrylo and NY Cascade add to the boil for bittering. NY Cascade and El Dorado added to the whirlpool for flavor and aroma. Dry hopped with NY Centennial and Amarillo.

Brewing Notes: A lower mash temperature helps create a crisp finish. Generous hop additions and an aggressive dry hop give a hop forward flavor and aroma.

Tasting Notes: This IPA has a bright yellow color. Peach, pineapple, and mango aromas lead to a slightly resinous and herbaceous bitterness. Notes of grapefruit, peach, and candied orange peel linger on the palate, and finishes moderately bitter, with a refreshing effervescence.
