

SHAPE SHIFTER IPA GREEN WAVE

Alcohol: 6.1%

IBUs: 56

Grain Bill: NY Pale Ale Malt, Malted Wheat, Carapils, and Honey Malt

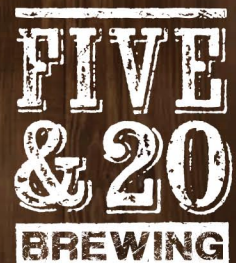

Hops: NY Nugget and NY Centennial added to the boil for bittering and flavor. Azacca and Amarillo added to the whirlpool for flavor and aroma. Dry hopped with Azacca and NY Chinook.

Brewing Notes: A lower mash temp helps to create a crisp finish. The Honey Malt adds a touch of sweetness. Generous hop additions and an aggressive dry hop, give a hop forward flavor and aroma.

Tasting Notes: This IPA has a bright orange color. The aroma is slightly floral, with hints of peach and guava. Tropical notes of orange marmalade, ripe peaches, and fresh pineapple linger on the palate. It finishes slightly bitter and fruity, with a refreshing effervescence.
