

# SHAPE SHIFTER IPA RUBY MOON (RED IPA)

**Alcohol:** 6.1%

**IBUs:** 76

**SRM:** 29

**Grain Bill:** NY Pale Malt, NY Red Winter Wheat Malt, Honey malt, C-60, and C-120

**Hops:** NY Chinook, NY Michigan Copper, NY Cluster, and Azacca

**Brewing Notes:** This Red IPA uses various caramel malts and honey malt to impart a bold amber color, and dark fruit notes. It is mashed at 152F, which gives this beer a medium body. Aggressive hop additions in the boil kettle, whirlpool, and fermenter lend a balanced flavor with pungent aromas.

**Tasting Notes:** This IPA is amber in color. The aroma is full of tropical fruit, with a slightly sweet biscuit note from the malt. It is Medium-light bodied, with lemongrass and peach flavors, and finishes with moderate bitterness and hints of pine.
