

SHAPE SHIFTER IPA RAINBOW CUBE (SESSION IPA)

Alcohol: 4.5%

IBUs: 65

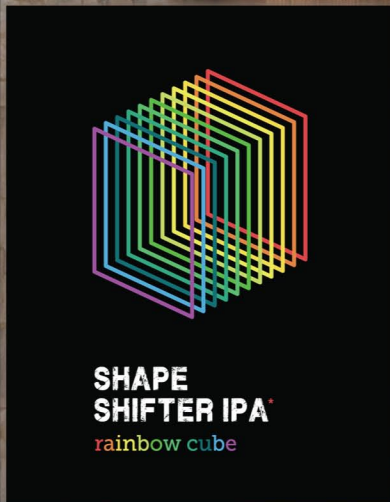

SRM: 4 (Pale yellow / gold)

Grain Bill: NY Pale Malt, NY Red Winter Wheat Malt, and Carapils

Hops: NY Michigan Copper and NY Centennial added to the end of boil, and NY Cluster and Azacca added to the whirlpool. Dry hopped with NY Centennial, NY Cluster, Neo-1, and Azacca to add tons of citrus and floral notes.

Brewing Notes: Mashed at a lower temperature to create a crisp, dry finish. Generous hop additions added to the whirlpool and an aggressive dry hop give this IPA enormous flavor and aroma.

Tasting Notes: This IPA is slightly hazy and gold in color, with moderate orange peel and hibiscus aromas. It is brimming with grapefruit and orange blossom flavor, is light-bodied, and finishes dry.

16 oz cans
